

ADMINISTRATION GETS FIRMER GRIP ON CONVENTION; SENATOR REED DENIED SEAT ON FLOOR

Next Move in Missouri Fight
Awaited With Keen
Interest.

THIS LAST DAY FOR PLAY

Democratic Orators Will Start on
Nomination Speeches While Com-
mittee Completes Work on Plat-
form; McAdoo Organization Active.

By Associated Press.
AUDITORIUM, SAN FRANCISCO
June 29.—Assembling an hour later
than usual today the Democratic Na-
tional convention had before it only
a routine session—a necessary time-
killer—to give opportunity for com-
mittee work on the outside and the
final perfection of the organization ma-
chinery.

A second keynote speech by Senator
Joseph T. Robinson of Arkansas, the
successful administration candidate
for permanent chairman was the prin-
cipal event on the program.

Prospects for a spectacular fight on
the floor over the election of the ex-
ecutive committee, which sustained
the Democratic National committee in
its refusal to seat Senator Reed of
Missouri as a delegate were hedged
about with uncertainty.

Today's session, however, was the
last play day for the delegates for
under the rules adopted the convention
may go ahead hearing candidates
placed in nomination while the plat-
form committee is waiting, although
it may not proceed to the balloting for
a nominee until the declaration of
party principles has been accepted.

While the full membership of the
platform committee continued to
grind away, hearing interested per-
sons who had planked suggestions,
and the sub-committee of which actu-
ally will whip the party into shape
and decide whether Bryan is to have
a home at the Democratic National
convention, the party shall select some
sort of compromise such as the sug-
gestion of a general election by
postmaster General Clegg, who is
back waiting for the committee to
decide before it takes its final
action.

The Missouri fight, which began
the convention floor today for the first
time with a working organization in-
cluding a floor leader and a representa-
tive is practically every state delegation
their problem was to find enough sup-
porters to round up a two-thirds vote
Cox and Palmer forces were active
rounding up a showing for the open-
ing balloting.

Administration forces were in full
control of the convention machinery
and there seemed little doubt of their
power to guide the adoption of a plat-
form entirely satisfactory to them.

SAN FRANCISCO, June 29.—Admin-
istration supporters strengthened
their hold on the Democratic National
convention through a series of vic-
tories in the executive committee
which decided three hotly fought con-
tests. One of these was the denial of
a seat to Senator James Reed of Mis-
souri. The Clark Howell delegates in
Georgia pledged to Attorney General
Palmer, also were sealed.

The committee overruled the na-
tional committee in the Oregon case
where it seated R. Turner and John
Eckelman, giving each one-half a
vote. All three contests were long
drawn out and were marked by a
sordidness of statements and bitter
personal attacks.

There was no indication from the
Reed forces as to their next move.

SAN FRANCISCO, June 29.—Ad-
ministration forces went into the
second day of the Democratic National
convention apparently in full con-
trol of the situation. Senator Glass
of Virginia, as chairman of the res-
olutions committee, William J. Bryan
emerged from the sub-committee of
the executive committee, the plat-
form committee, the sub-committee
of state, sits as the representa-
tive of President Wilson. Senator
Joseph T. Robinson of Arkansas an-
other staunch administration sup-
porter, chosen for permanent chair-
man of the convention, and adminis-
tration men at the head of other
committees was the lineup of what
had promised to be a contest.

The committee formulating the
rules for the convention has cleared
the way for the nomination speeches
to be delivered in the resolutions
committee is working on the plat-
form. By unanimous action it decided
that the various candidates may be
placed in nomination while the plat-
form deliberations are going on but
no balloting for a nominee may be
conducted until after the platform has
been brought in perfected and ad-
opted. This action will simplify and
hasten the work of the convention.

From the dramatic moment yester-
day when a portrait of President Wil-
son was unveiled in the great con-
vention auditorium to let loose a
storm of tribute and approbation
from party followers on the floor

REPAVING BIDS AGAIN ARE RETURNED BY CITY COUNCIL; MORE WANTED

Night of July 12 Is Date Now Set for
Opening Proposals; Mayor
Bills to Be Filed Up.

Because only two bids were sub-
mitted city council last night again be-
fore the July 12 action on the re-
paving of Crawford avenue. The bid-
ders were J. Alfredo DePolo and M.
Duggan, the same who put in bids on
two former occasions. Council wants
more than two bids before they are
opened. Two Pittsburg contractors
were said to have been unable to com-
plete their figures in time for the
meeting.

City Clerk Harry G. Mason was
instructed to withhold payment of
bids submitted in the city hall until
the city council has decided on the
repaving of Crawford avenue.

Replacing of the 100-foot street
camps down town with lamps of 800
watts was ordered. No action was

UNIT RAIL OPERATION

Suggested By Trade Commission Ex-
pert as Transportation Solution.

By Associated Press.
WASHINGTON, June 29.—Opera-
tion of the railroads of the country as
a unit as a means of relieving the
present transportation difficulties was
suggested today by William B. Colver
of the Federal Trade Commission in
an address before the Washington Ad-
dress Club. Colver predicted that a
continuation of the present situation
would mean untold suffering and in-
dustrial shutdowns next winter.

Hundreds of millions of dollars are
tied up in merchandise in idle track-
cars, he said, keeping from the market
badly needed capital.

Only 1-10 of the needed coal for
next winter's supply has been moved
to the head of the lakes Colver said,
while New England industries are ac-
tually closing down for lack of fuel.

Farmers also are unable to obtain
cars to move the residue of last year's
wheat crop at a time when the new
crop is coming to harvest.

THE INDIAN CREEK VALLEY TO HOLD AN OLD-TIME FOURTH

Connellsvilleans Asked to Take Part in
Celebration at the American
Lutheran School.

Rev. D. M. Cleland, pastor of the
Chautauque school of patriotism
among non-English speaking people
in the city today, is conferring with
the Ministerial association and citizens
in regard to the work of the
schools of the series are now being
conducted at the American Lutheran
church, Calverton, Indian Head
and Sagamore in the Indian Creek
valley under the leadership of W. M.
McKum, a senior in Geneva college,
Baltimore.

One object of Rev. Cleland's visit is
to induce a number of Connellsville
people to go to the Indian Creek valley
schools on July 4th and help the peo-
ple there in staging an old-fashioned
fourth celebration that is being plan-
ned.

The school will continue only un-
til August 1st when all the teachers
will meet in Pittsburg for a review of
the summer's work. Six or eight such
schools are being conducted in the
sector between Washington and Cin-
cinnati. They are very successful in
teaching patriotism to the young peo-
ple who wish to know more of the En-
glish language. The whole work is be-
ing carried on under the direction of
the National Reform association of
Pittsburg. A teachers training school
is now being planned by which stu-
dents will be thoroughly trained for
the work to be conducted on a larger
scale next summer. The school will
probably be held at Beaver Falls in
connection with Leveaux college.

Shooting at Bathers.
Reports have been made to the po-
lice of shooting near the lower end
of Sixth street West Side. According
to the officers no doubt there have
been complaints a number of times about
it. It is going to the river without
building suits. When the officers would
go to the river the men would take
their clothes and swim to the other
bank.

The story reaching the officers is
that one person determined to be rid
of the bathers opened fire on them
with a shotgun. A man living on the
opposite side of the river said he was
afraid the shot might reach his place.

ADMINISTRATION GETS FIRMER GRIP ON CONVENTION

Continued from Page One

There seemed little chance for those who had set themselves in opposition. The administration forces now have a strong grip on the machinery which will write the constitution of faith for the party's 1920 campaign. There will be battles in committee over many planks but the less was less prospective today than at any time since the convention leaders began to assemble. In the opinion of most political observers school of the ways of convention, of an open fight on the floor. Administration leaders appeared confident that differences could be ironed out in committee.

Mr. Bryan has put forth the League of Nations plank on which he would have the convention stand. It declares for such resolutions as are necessary to secure ratification and is in sharp conflict with the position taken before the convention yesterday by National Chairman Cummings in his keynote speech.

Whether Bryan had asked more than he expected to get and he willing to take less is not known. The administration leaders reiterated their confidence that no minority report on the treaty plank could carry. There was a word of cheer for Irish sympathizers in Mr. Cummings' speech.

The only issue he did not deal with directly was that over a party statement on prohibition enforcement. In that issue may be wrapped up the fate of some aspirants for the presidential nomination. The battle has come to the surface in a caucus of the New York delegation which voted to urge modification of the enforcement law. The session left behind it echoes of "rag rule" charges and assertions that if a floor battle were instigated upon by the New Yorkers their party chances at the polls would be ruined.

SAN FRANCISCO, June 29.—From the shadow of the Golden Gate the hosts of Democracy sent a roaring tribute across the country Monday to President Wilson.

The National convention thing aside for the moment the business before it while delegates, carried on a demonstration that swept the great gathering off its feet.

It was a built hour before the outburst evoked by a sudden display of the President's portrait, would be still. Again and again as his name was mentioned the cheers broke out anew to culminate in the shout of approval that adopted and sent to the White House last night a striking testimonial of his party's faith and pride in the man who led it through troublous years.

Whatever Goes Up Must Come Down.
This is the natural law of the universe. So it is with prices. Down they come with a bang that will smash all competition. Can you imagine a sale without profit, smashing prices to cut the cost of living. Knocking the profit out of all profiteering. Rocking "Old Man High-Price" to sleep. Bringing back the good old dollar that buys 100 per cent of real value. A regular landslide in prices. You may call us radical, sensational, whatever you deem best, but we have a large stock and have no alternative. The larger part of this must and will go at prices that will make even the manufacturer gasp for breath. Others talk about bargains, low prices, values, etc.—they advertise them. But we have them. Come to this sale without profit. It will pay you well.

Sale starts Wednesday, June 30, at 9 A. M., and to encourage you to come early we will give free to the first 50 customers a valuable, ornamental and useful gift. A beautiful cut-glass and silver ornamented pot salt and pepper set. Bendler's, Scottdale, Pa., next to Broadway Bank, as you get off the car. Vols. dresses, \$3.50. Children's middie, 69c. In almost every neighborhood some one has died from cholera morbus that could easily have been saved had the proper medicine been at hand. Then think of the suffering that must be endured until medicine can be obtained. The way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be depended upon. Buy it now. It only costs 35 cents.—Adv.

Putting Pep Into Business

WITH FACTS—and—FIGURES

WHY THE BACKWARD SEASON HAS HIT HARD

A Word to the Public:

The BROWNELL SHOE CO. feels, in justice to their trade, that a word of advice is here due. Do not be misled in the fact that the present reduction of prices is a permanent feature. Shoes for Fall are bought and in the works at the prevailing high level prices. We have failed to be shown where a single staple necessity, the cost of merchandising, of which is not on the increase instead of the decrease.

We ask now, in the face of advancing wages, and with every productive, transportation, merchandising and distribution costs on the increase, can the selling prices come down, and remain so? We believe not, not at the present time.

The Panicky Retail Prices are only momentary and must re-act. It's up to you to reap the benefit while the opportunity is here. Don't let this fact get past you.

Brownell Does the Unusual Thing

Again we uphold the tradition which says this store is first from the standpoint of price advantage.

The Brownell Shoe Co. does not do things by halves. The launching of this mammoth Sale, right at the height of the season, has created a sensation with far reaching effect in price concessions, that the public was quick to grasp.

The old sale has made a wonderful record. Every day since the opening has shown splendid selling. People have bought, ever expressing views and words of praise on the wonderful values offered.

"A MASTER STROKE"—Starring Marie Williams, supported by an all-star cast, is being presented today. Yale Durant is engaged to a millionaire's daughter but suddenly finds himself in the office of a friend. His friend's secretary has his best eyes and a radiant smile. Her mouth quivered at times when she looked at him and then he knew. But Yale was a man of honor and he was bound to another woman. But when he took valuable stock from his employer's safe, the secretary saw him, and said nothing. When he asked her why she protected him she answered, "Because." That is how love came unexpectedly to Yale Durant.

FORGOT HER AWFUL 'MAKEUP'

Indianapolis Girl Will Have to Do Much Explaining if Many Acquaintances Saw Her.

A senior of Technical high school who prides herself on her contempt for rouge and lip sticks went to the photographer's. Several class mates helped themselves to a liberal supply of "paint" just before posing. Thinking the pictures would be better. Finally, they persuaded the senior to try it just for the one time. No one would ever be the wiser. Hesitatingly, she applied the crimson puff and the oily crimson stick and dashed into the studio for the final pose. Half an hour later she was on the car speeding homeward when she happened to glance at the woman across the aisle. That woman's complexion she thought was past forgiveness. How could some people bear to use that stuff and continue to appear in public? Well, one thing was certain—nobody would ever see her rivaling an October sunset. Then horror! She remembered she had forgot to wash off her own "makeup."—Indianapolis News.

DOUBLE-HEADER SATURDAY NEXT AT FAYETTE FIELD

Independents and Baltimore & Ohio to Battle With Visiting Teams.

MAY BE LAST AT HOME

The first double-header of the season will be presented to the patrons of baseball on next Saturday afternoon at Fayette Field. On this occasion the fast local Independents will meet the strong Jeannette team, while the opening of the season will be the opening of the season of the Baltimore & Ohio team with the Pittsburgh Pirates & Ohio Athletics.

The Baltimore & Ohio game will be the opening of the season of the championship of the league. Should the double-header fail to get the patronage of the fans, the Independents will not try to play any more games at home, as they have been doing to a loss. The brand of ball played by the locals is equal to many other league games, but the home crowd probably will not support the games as it should.

The Jeannette team is not the Jeannette Independents, but the team of the Pennsylvania Rubber Co. The Independents have disbanded, as they were not putting up the brand of ball such as the rubber company team.

Fayette Field will be put into first class condition during the week, so that both games can be played at top speed.

BILLY CARTER-JOHNNY DONNELLY MATCH PROPOSED

The recent announcement that the Fayette Athletic club intends to stage another boxing show at Uniontown in the near future has the fans asking "Who not Johnny Donnelly and Billy Carter as the attraction?" Such a bout stands as the logical one for this vicinity. Both boys are well known for their ability to give the fans the brand of boxing they would travel a distance to see. Donnelly and Carter are this county's only star boxers and great rivalry exists as to the better man. Each has a large following and should undoubtedly draw a second house.

Donnelly was seeking a bout with the local boy up to a short time ago, but recently stated he would not box Carter as the latter was too heavy for him. In Johnny's recent bout with Tommy Phillips at Uniontown he appeared to weigh at least 140 pounds. He also weighed 140 pounds. Carter has been overweighed by many boxers behind the excuse that he is "too heavy." The local boy was down to 135 pounds last winter, and he states that he could almost make that weight again. Donnelly would have the advantage of more active boxing to counteract any weight objections, as the Connellsville fight has been a long time. Donnelly could easily afford to give the local boy a few pounds to offset his inactivity in the ring.

Taking the lead in the first inning when three runs were scored, the Leisering No. 1 team defeated Monarch at Monarch last night 4-3. Monarch fought hard to overcome the lead, scoring a single tally in the 6th, 8th and 10th innings, but Leisering clinched the game in the eighth by scoring a fourth run. The Man Who Wasn't Himself

By ROBERT AMES BENNETT

(Copyright, by W. G. Chapman)

At the statement his face became

"Quick! Is it hallucination? Tell me!"

He thrust the girl from him, to grope desperately inside his waistcoat. The others stood apprehensively at these signs of frenzy. From his bosom he jerked out a large bulging earth-stained envelope and waved it frantically at Doc or Kirkland.

"Look! look!" he panted. "Quick! Is it hallucination? Tell me!"

The physician seized and ripped open the envelope. "Hey? what? he exclaimed—'Bonds... The bonds!'"

"A-a-h—These they are real!... real as you, darling Ellen!"

The girl met the eager lips that bent down to her upturned face. "Yes, yes, dearest," she whispered. "Now you're your real self—all is real!"

The physician's lips were moving in rapid count of the bonds. His voice became audible: "seven, eight, nine, ten—ten!"

"Ten—ten!" everyone for ten thousand bonds roared joyously: "One hundred thousand! All there! the full amount! not one lost!"

"Thank Heaven!" cried the young man. "That saves me!... All those months, those dreary awful months—worry, worry, worry; groping, trying to remember. Yet it was there, the memory, down under. I knew it was there. It was that which compelled me to keep trying to escape from them—time after time. And when at last I did, I led me in that half-blind daze all the way some- it led me to the pit."

"The pit?" questioned Mrs. Kirkland.

"In an abandoned brickyard beyond City Park... The moment I came to, and looked around, I recognized the place. I went straight to the hole where I had hidden the bonds."

"You hid them out there?" exclaimed Ellen.

"Yes. All flashed back into my mind—all about that day when Benam brought me down from Pueblo—the fear that drove me half insane when he flippantly suggested that we might get away with the bonds by smashing and setting fire to the car and pretending the bonds were burned up in the wreck."

"He did that? Charlie did that?" cried Amy. "But he is a detective!"

"Yes, I found that out afterwards, too. I suppose he was trying to test my integrity. I can't believe worse of him. But I was then in a bad way, and what he suggested completely unbalanced me. I was certain he meant to steal the bonds from me. I must have been half insane. To save them from him, I rented a safe deposit box and pretended to him that I had put them in it; but instead I went out past City Park and wandered about until I found the hiding place in the clay pit."

"So that was it," remarked Amy. He did not reply. He was engrossed in gazing into Ellen's tender gray eyes. The fond parents beamed upon the blighted couple. Amy sighed and stole out of the room, unheeded by the others.

Ellen snuggled closer to her lover. "You fell into the pit," she recalled the mishap. "Your poor dear head!"

"Only a little cut," he reassured her. "I wiped the blood off my face, and buried home with the bonds to see Momsey and Amy before rushing down to the bank. I did not wish to see you until I could tell you I had restored the bonds. There was no one in the front of the house, so I went direct to the bathroom. I washed my head and started in to my room—Who is the man visiting here?"

"Bump the Bumps" for Electric Iron.

In one of the large electric manufacturing companies which is among other things engaged in the manufacture of electric irons, a specimen iron from each hundred or so is taken and subjected to a severe test by a series of bumps on a hard surface, reproducing as far as possible the shock which it receives while in use on the ironing board. A well-built iron will stand this treatment from 10 to 24 hours before it fails.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Swallow the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Takes Hold and Helps. Colds that "hang on" should be gotten rid of, for no one can stand the strain of racking cough, disturbed sleep and irritation of throat and lungs. Made Heister, Freeport, N. Former Payette Man Dies. NEW YORK, June 28.—Joseph Kingsley Old, 57 years old, for years editor of the New York Herald and Tribune, died here Sunday from heart disease following a nervous breakdown. He was born at Brownsville, Pa., July 31, 1863, and educated at Kenyon col-

lege, Ohio. A daughter, Mrs. David F. Webster, of Manila, survives him.

A Crisis Faces the High Schools

WASHINGTON, June 28.—Not fewer than 15,000 teaching positions in public high schools will be without properly qualified teachers next September, if the estimates of A. O. Neal of the United States Bureau of Education prove to be correct. The bureau recently conducted an extensive inquiry among the high schools of the country, and more than 7,000 high schools have written of their needs.

Those schools now employ 65,857 teachers, and they will require 17,275 new teachers in the fall to provide for the normal increase in enrollment, and to take the places of those who are leaving the schools for other work.

Mr. Neal considers that this general condition in high schools throughout the country, and he estimates that a total of 25,978 places must be filled before the next school term begins.

The visible supply of qualified candidates does not even approach that number. Simultaneously with the inquiry made of high schools the bureau requested all the colleges and universities of the United States to report the number of persons who would graduate this year and also the number of those graduates who expect to teach in the high schools. Replies from 33 institutions show that their graduates will number 10,830 men and 4,712 women, and that 1,830 men and 4,712 women will take up the work of high school teaching. On the basis of it is estimated that only 20,542 members of this year's graduating classes of all the higher institutions will accept positions in the high schools. The difference, 15,358 places, must be filled in ways that are not now apparent, or that number of classes will be without proper instruction.

It may be possible to induce other graduates to enter the work and some former teachers who have withdrawn may return, but this will mean that higher pay and improved conditions otherwise must be offered. The only alternative is to employ persons below the standard prescribed by experience and general practice.

How serious the situation is may be judged by the fact that the threatened shortage is twice as great as the number of teachers in all of New England, and greater than the number of such teachers in New York and Pennsylvania combined.

Mr. Neal advises school boards everywhere to lose no time in strengthening their forces in anticipation of the expected difficulties. Salaries must be raised, and improved conditions must be created, in order to hold as many as possible of the teachers now in the service and to attract desirable recruits. All this must be done not for the benefit of the teachers who are evidently able now to care for themselves very well indeed, but for the sake of the children who are the sufferers when good teachers leave the service.

Girls! Buttermilk Creates Beauty Overnight

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that it turns the dull, dry, and most lifeless complexion to radiant beauty and makes the skin soft, white, and smooth. It is not the slightest sign of its use after application. It actually washes away from sight and the most hated atmosphere will not produce the least skininess or greasiness of the skin.

It is absolutely harmless and will not produce any irritation. The cream is made within twenty-four hours of its use. This wonderful combination of Howard's Buttermilk Cream will work a marvelous transformation. Roy Hessel, Connelville Drug Co., can supply you. Manufactured at Buffalo, N. Y. by Howard Bros. Chemical Co.—Adv.

Itching, Irritating Skin

Worse Forms of Skin Trouble Quickly Relieved by Inexpensive Treatment. If you suffer with any skin trouble and the itching seems unbearable, do not think you have to use some gross, unpleasant ointment to get relief. Try Hekara—guaranteed to contain no grease and has cleansing ingredients which wash into the marred skin to do their healing and does not stay on the skin only to look bad and soil linen.

Hekara's power to relieve quickly any irritation of the skin and make it soft, white and beautiful might be called miraculous. Minor skin troubles such as pimples, blackheads, nose, hives, etc., seem to disappear magically and Hekara with its potent healing qualities is a successful treatment in ending chronic skin diseases like eczema, psoriasis, etc. It is possible for anyone to try Hekara and be convinced of its merit—simply because A. A. Glaxo, the largest and most liberal of all drug stores, is selling it at a guarantee of satisfaction or money back—Adv.

C. T. Harry, of 400 North Fourth Street, Ironton, Ohio, is back on the job again, feels fine and hasn't missed a day's work since he began taking The Reese Formula R 11.

In a statement Mr. Harry says: "I have suffered for years with stomach trouble, my liver and kidneys were also affected, and until I began taking The Reese Formula R 11 I was unable to work more than half the time. I despaired of ever being well again. Fatigue was a torture to me. I was bilious, bloated and couldn't sleep. I would get up in the morning tired, nervous, irritable and weak. Poor Father

Marian is eleven years old and thinks that she is old enough to stop having her hair bobbed and let it grow out and be braided as the other little girls in her class. But her mother has different ideas. So of course, there is an argument every time hair cutting time arrives. Last time mother brought forth a new argument: "I want your hair to be pretty and thick when you grow up," she said, "and there is nothing which makes your hair grow better than to cut it often. Marian's eyes opened wide. "Then why don't you begin it on father?" she said. "He says himself that he is getting bald."
